

The diagram illustrates the layout of a page with various margins and a crop area. It features a large white rectangular area representing the page content, enclosed by a solid teal border. This content area is further surrounded by a dashed black border. On the left side, there are three horizontal lines indicating different margins: a teal line at the top, a dashed black line in the middle, and an orange line at the bottom. To the left of these lines are colored dots (teal, black, and orange respectively) that align with the lines. Labels are placed to the right of these lines: 'Margem de Segurança' for the top teal line, 'Área de Corte' for the middle dashed black line, and 'Margem de Sangria' for the bottom orange line.
